

ReportDecoder

A plain-language companion to your assessment report

You just received a psychoeducational assessment report. Whether it is your child's or your own, pages of scores, percentiles, and clinical terms can be hard to read. ReportDecoder explains what those scores, diagnoses, and recommendations actually mean, in plain language, so you can walk into your next meeting or appointment knowing what to ask.

Where To Start

Understand your scores.

What standard scores, percentiles, and index scores mean, organized the way your report is.

reportdecoder.com/understanding-assessment-scores

Understand a diagnosis.

What a diagnosis does and does not say, and how one is reached.

reportdecoder.com/understanding-a-diagnosis

Know what comes next.

School support, accommodations, and the services families ask about after an assessment.
